

BJ-245

BJ Toybox

Quick Start Guide

www.bjliveat.com

Use BJ ToyBox to control toys and appliances from your computer.

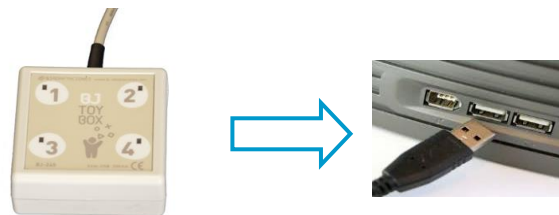

Below are a few steps to help you get started:

- 1 Download the BJ ToyBox software from:
<http://goo.gl/ApF7n>

Save the file in your computer and start the installation by double clicking on the icon.

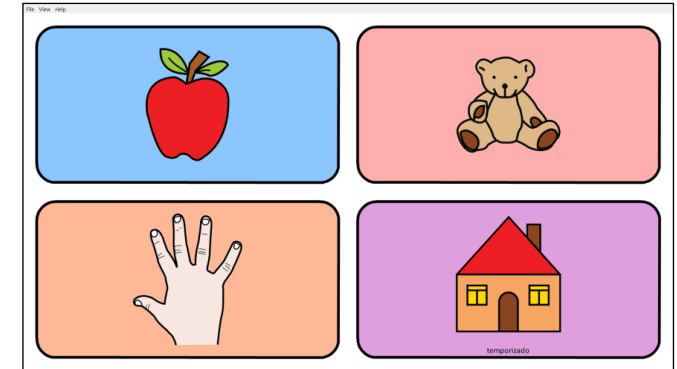

The Setup Wizard will guide you through the installation process.

- 2 Plug the BJ ToyBox device into your computer USB input port.

- 3 With the BJ ToyBox software you will be able to create and customize control scenarios.

Go to the application Help menu to learn how.

- 4 Plug from 1 to 4 switches, depending on the scenarios you have configured, into the device switch inputs.

Now you are ready to use the device!
