Target Toss

Use materials you have on hand to create this game of skill and fun! This target toss is a great way to improve gross motor skills, language skills, and social skills.

You will need:

- balls, bean bags, or other item to toss
- baskets, buckets, hula hoops, laundry baskets, or other container for targets
- paper
- markers
- tape

Setup and Play:

1. Using paper and markers, create a points system. We suggest making targets worth 1, 5, 10, and 20 points, for example.
2. Tape a points marker to each of the containers you will use as a target.
3. Place your targets at the desired distance. Make the game easy by placing all the targets close by and together in a group. You can make the game more difficult by placing targets farther away and as stand-alone targets.
4. Have fun taking turns tossing the ball (or other item) at the targets. You can decide if you want to throw one at a time or more before switching. Have fun and score lots of points!

Don't forget to TAAP your way through the game! Find suggested words and messages to model while playing on the next page.

TAAP Your Way Through Sports

Use the TAAP strategy and the suggested words below to talk about your art. Remember, keep your speech natural and let the art and conversation lead you.

I would bowl again

Hint: use time words to talk about how often you do this sport again.

Adapt It!

Need to adapt bowling? Below are some tips for how to adapt the sport for different needs:

- Play a smaller tabletop version of bowling using a smaller, lighter ball and cardboard tubes (like paper towel holders).
- Create bumpers using board or boxes, etc. to make sure pins are knocked down every time.
